Julie,

My agents have indicated that the samples have been resubmitted to the laboratory. Is there a way to determine how long the retests will take.

Thank you for your assistance.

Tavares,  
Thank you for the notification of the plea bargain.

Yes, but the sooner they come back to the lab the better.

Tavares - We would be happy to assist. I am not sure what your "expert disclosure being due next Friday" means? Do you need the retests by next Friday or do you just need to know who will do the retests and we can have the testing done prior to April 23<sup>rd</sup> - the trial date? Can you let us know when the testing would need to be done? I have cced Julie Nassif who is the lab director and will coordinate with you. Thanks. Donna
